Subject Index to Volume 8

A

Abstracts, 13th meeting of the Pavlovian Society 160
Antidepressants, the action of, and convulsive treatment upon the higher nervous activity in depressive states 57
Arrhythmia, sinus, rhythmic heart rate variability, related to stages of sleep 98
Association, general laws of ... 2

B

Behavior disorders, childhood and adult 88
Brain extracellular space; role in brain function 178
Brain, integrative activity of ... 108

C

Conditional reactions, classical and instrumental, the organization of 28
Conditional reflex, on two types of, general laws of association 2
Conditional reflex, symposium on two types of 1
Conditioning, classical heart rate, in the rat 224
Conditioning, classical, reflex habituability as a basis for differentiating between instrumental and 10
Cortical visceral theory in medicine and hormonal regulation (book review) 61
Curare, influence of, and various setting operations in the rat .. 224

D

Depressive states, the action of antidepressants and convulsive treatment upon the higher nervous activity in 57
Drug addiction, Pavlovian conditioning of drug reactions: some implications for problems of 211
Drugs, initial effects of, conditioning of successive adaptive responses 193
Drug reactions, Pavlovian conditioning of 211

E

Effect, law of, and CR contingent modifications of the UCS 41

H

Habituability, reflex, as a basis for differentiating between classical and instrumental conditioning 10
Homeostasis, body fluid, on central control of 147
Homeostasis, sodium, the brain and 125
Hypoglycemia, insulin-induced affect on NaCl hunger in adrenalectomized rat 80

L

Leg movement, conditioned, in the cat with massed trials, trace conditioning and weak US intensity 116

P

Pain, conditioning and schizokinesis 63
Pain, objectivity and subjectivity 187
Pharmacology, the "nootropic" approach to the, of the integrative activity of the brain 108
Psychology, archives of the history of American, Pavloviana in the USA 236

R

Responses, conditioning of successive adaptive, to the initial effects of drugs 193

S

Schizokinesis, pain conditioning and 63
Sleep, rhythmic heart rate variability (sinus arrhythmia) related to stages of 98

T

Temporally spaced responding, effects of a brief novel stimulus during 67

Contributors to Volume 8

A

Andersson, B. 147
Astrup, C. 88

B

Bohs, C. 98
Bond, W. C. 98
Brener, J. 224
Brožek, J. 236

C

Coleman, S. R. 41
Cullen, J. W. 80, 211

D

Davis, H. 67
Denton, D. A. 125

E

Ebey, J., Jr. 98

F

Fertziger, A. P. 178, 211
Floistad, I. 88

G

Gantt, W. H. ... 61, 63, 187, 211
Giurgea, C. 108
Gormezano, I. 41

I

Iriye, C. 67

K

Kimmel, H. D. 1, 10
Konorski, J. 2

L

Lynch, J. 211

M

McPherson, M. 236

O

O'Brien, J. H. 116
Olsson, K. 147

P

Packham, S. C. 116

R

Ray, R. 224

S

Saarma, J. 57
Saarma, M. 57
Scarborough, D. E. 80
Sersen, E. A. 88

T

Teitelbaum, H. 211
